

## Wound Care Program

Chosen Healthcare and Sky Rehabilitation have teamed together to create a specialized Wound Care Program. Recognizing the growing need for dedicated wound care management in skilled nursing settings, our Wound Care Team focuses on treating the whole patient and aspects of wound care resulting in improved outcomes. Our Wound Care Program provides a continuum of care even after the patient discharges to home.

### Our health care professionals are trained in:

- ★ Wound staging and pressure
- ★ Wound Vacuum Assisted Closure (V.A.C.)
- ★ Advanced wound care dressings and medications to accelerate recovery
- ★ Pain management
- ★ Patient nutrition screening with dietician and physician
- ★ Infection management and treatment
- ★ Measurement and reporting of outcomes
- ★ Patient and family education
- ★ Selective sharps debridement and pulsed lavage performed by Physical Therapy

#### Specialized training for wound care staff:

- ★ Wound Care Certified Physical Therapist
- ★ Wound Care Certified Nurse

We are proud to partner with Healogics, a Joint Commission (JCO) certified wound treatment clinic.\*

*\*Currently only offered at Meridian Nursing and Rehab*

Our protocol is evidence-based on standards of care developed by The National Pressure Ulcer Advisory Panel (NPUAP).
